

Starr spoke about moving to ADP payroll and one of the clerk's duties is payroll and that's one thing we could take off the clerk and that way every employee knows their time off if they have over time it also takes care of payroll processing, tax filing all clock in would have to be done electronically. We are having issues with people writing in times. Piehl spoke about taxes at the end of the year will automatically be done and sent to them. She also stated again about it keeping your time off and overtime so that way it's not on the clerk to figure out as she/he will never be called in on a Saturday to know who worked and for how long. Starr spoke about it doing background checks, will load the handbook on to it as well. Starr also thought we will only have to do 5 employees on it so it will be cheaper. Wrich made a motion to go forward with ADP for are employee wages not to exceed \$2400 for the year. Piehl 2nd
